# Accessories

## Work rack:

Work in a ergonomic, mobile and compact way, using the handy stainless steel mobile rack that can be used to store up to 9 standard trays for the P480 or the P720. May also be used as work platform for the P480 or P720. 4 castors, including 2 lockable ones (trays, moulds and P480/P720 not included)  
Dimensions: 43 x 65 x 95 cm.

## Storage rack:

A **handy mobile** stainless steel rack which stores up to 20 standard P720/P1000 trays. Equipped with 4 castors, including 2 lockable ones (excluding trays and moulds).  
Dimensions: 43 x 65 x 180 cm.

## Stainless steel skewers:

**Create added value** and use stainless steel sticks for the PINTRO® manual skewer machines. Available in various standard lengths.

## (Product) moulds:

With the right product mould you create the optimal end result. You can easily produce a completely different type of skewer by switching just 1 mould! Standard as well as custom moulds available.
